					<p>for HMS in Coal India Limited with the support of MIPL, the OEM.</p> <p>Since the Annual Technical Support (ATS) and Annual Maintenance Contract (AMC) expired on 27.08.2025, and as Tech Mahindra is no longer maintaining our ERP application, it was proposed to directly engage MIPL for ATS and AMC to ensure the smooth and uninterrupted operation of the HMS system.</p>

This DMS manages documents uploaded through the Employee Self Service (ESS) Modules—such as those related to travel and medical expenses—as well as documents stored in SAP ECC.</p> <p>In view of this, it was proposed that the ATS remains uninterrupted as some of the operations related to CPRMSE, Medical Bills processing etc. are working on DMS from Newgen. With contract closure of Tech Mahindra, the maintenance of Newgen software till migration to new software was to be done solely by CIL's internal resources.</p>

					<p>DMS services of Newgen Software Technologies Limited are in use with SAP applications as an associated software and its OEM ATS has expired on 31.07.2024.</p> <p>To ensure continuity and alignment with both SAP and Newgen systems, it was proposed to seek competent approval for the continuation of the Annual Technical Support (ATS) with M/s Newgen Software Technologies Limited for the period from 01 August 2024 to 31 December 2025.</p>
