11.1 Item wise, year wise and subsidiary wise RC quantity shall be indicated in the RC itself.

The tentative quarterly allocation indicating the monthly breakup shall be issued by subsidiary companies to RC holders in advance, latest by the last week of preceding quarter for preparedness of the supplier.

Monthly allocation shall be issued by subsidiary companies by the last week of preceding month.

The above allocations (Quarterly & Monthly) shall be communicated to all suppliers through email/fax/letter with copy marked to CIL HQ.

The total monthly requirement of the subsidiary company shall be distributed amongst all RC holders in the same ratio in which the total RC quantity of the subsidiary company has been distributed amongst different RC holders. However in case of NEC, RE-11 may be generated for consolidated requirements keeping in view the logistical constraints in supply while ensuring above distribution on yearly basis.

Note: The requirement of cartridge explosives & accessories does not remain uniform throughout the year for various operational reasons, climatic and geo-mining conditions. During the peak production period [Usually Quarter I, III & IV of FY], the requirement for explosives and its accessories by the subsidiaries/ consignees may be more than the non-peak production period [Usually Quarter II of FY]. Hence, the allocation and requisition of quantity for any item by the subsidiaries/ consignees shall be made accordingly in compliance with the provision of the RC for quantities

11.2 The bidder shall have to supply all items as offered by him on FOR destination basis to any place in any of the subsidiaries of Coal India Limited and NEC

11.3 The supplies of explosives and accessories are to be made by the RC holders against RE-11 only issued by GM(Production)/ Incharge (Explosives) of respective subsidiaries or their authorized representatives.

The supplier is liable to supply quantity of any item as per schedule specified by the subsidiary companies & NEC in the RE-11, failing which liquidated damages shall be applicable as stipulated in the RC.

Delivery schedule specified by the subsidiary companies & NEC, in RE-11 shall not be less than 5 days.

11.4 It would be mandatory for the RC holder to maintain 70% delivery performance for the 1st 2 months duration of the running contract and 90% delivery performance for the remaining duration of running contract after the 1st 2 months period to be evaluated on two monthly basis for all RC items at each of the consignee subsidiary company. The two monthly delivery performance shall be evaluated by each consignee subsidiary company separately on the basis of RE-11 issued in a particular 2 monthly period and actual quantity supplied against the same,

The delivery performance of RE-11 generated in a particular 2 monthly period, for which the scheduled delivery period falls in the next 2 monthly period, shall not be accounted for in that particular 2 monthly period. The delivery performance of such RE-11 with spill over delivery period shall be accounted only in the next 2 monthly period in which the delivery is to be made as per schedule.

In case the requirement changes after issuance of RE-11, the delivery performance shall be evaluated on the basis of actual quantity supplied against the revised requirement for a particular month, if any, intimated to supplier in writing through letter, fax, email of Unit Manager or Licensee or Issuer of RE-11.

11.5 Para-1: For the 1st 2 months duration of running contract - In case the two monthly delivery performance for any of the RC items falls below 70% at any of the subsidiary company, as per report, duly signed by representative of subsidiary company and RC holder, for every percentage reduction / drop (rounded off to nearest two decimal points) in delivery performance from 70%, equal percentage of the non-supply value (without GST) of that item in that two monthly period shall be deducted from the bills of the supplier by the concerned subsidiary company. This will be applicable for shortfall in delivery performance from 70% upto 50%. Thus, there will be maximum 20% penalty on the non-supply value towards non-achievement of delivery performance.

Para-2: For the remaining duration of running contract after the 1st 2 months period - In case the two monthly delivery performance for any of the RC items falls below 90% at any of the subsidiary company, as per report, duly signed by representative of subsidiary company and RC holder, for every percentage reduction / drop (rounded off to nearest two decimal points) in delivery performance from 90%, equal percentage of the non-supply value (without GST) of that item in that two monthly period shall be deducted from the bills of the supplier by the concerned subsidiary company. This will be applicable for shortfall in delivery performance from 90% upto 50%. Thus, there will be maximum 40% penalty on the non-supply value towards non-achievement of delivery performance.

11.6 In case the two monthly delivery performance for any of the RC item falls below 50%, maximum monetary penalty of 40% of the non-supply value (without GST) of that item in that two monthly period will be imposed apart from reserving CIL's right to rescind/short close the RC for the subsequent period for that particular item in the relevant subsidiary where the shortfall occurs and the balance RC quantity thereof, may be purchased from any of the existing RC holders or empaneled "Reserve RC holders".

Calculation of monetary penalty in terms of clauses-11.5 and 11.6 above, for different situations for an item say "PED", is illustrated below;

Sl no.	Two Monthly quantity of final adjusted RE-11*	Actual supplied quantity as per RE-12	% of actual supply	% deduction of 90% delivery performance (limited to 40%)	Non-Supply quantity (B-C)	Non-supply value (Rs)	Value of penalty (Rs)
							(E x G/100)
(A)	(B)	(C)	(D)	(E)	(F)	(G)	(H)
1	70 KN	58 KN	82.86	7.14	12 KN	50400	3598.56
2	70 KN	54.6 KN	78	12	15.4 KN	64680	7761.6
3	70 KN	28 KN	40	40	30 KN	126000	50400
4	70 KN	0 KN	0	40	70 KN	294000	117600

- ❖ In case the requirement changes after issuance of RE-11, the delivery performance shall be evaluated on the basis of actual quantity supplied against the revised requirement as per Clause-11.5 above
- ❖ Value in column 'G' has been worked out taking unit rate of Rs. 4200.00 per KN i.e., value in column 'F' multiplied by Rs. 4200.00
- ❖ **For the 1st 2 months period the calculation of the monetary penalty shall be inline with clause 11.5, Para 1**

Besides, the subsidiary company shall take action as per Clause – 14

11.7 The delivery performance report shall be duly signed by the RC holders and shall be intimated to CIL by the subsidiaries & NEC.

For signing of the delivery performance report (two monthly under Clause 11.5 and Clause 11.6), the RC holder will be intimated by letter/fax/e-mail to sign within 3 (three) days from the date of intimation by the subsidiary Co & NEC.
