Call Description

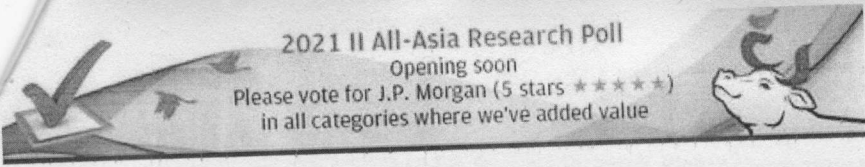

Concerns on receivable dues, a government stake sale, sharply lower E-auction coal prices and worries on long-term demand have led to a sharp de-rating of Coal India. As India's economy continues to recover, driving power demand higher, we expect India's coal demand to also improve. With higher off-take, we expect E-auction coal prices to recover from the current multi-year lows.. To discuss these dynamics and the outlook on future growth prospects, we are pleased to host Mr. Pramod Agrawal, Chairman & Managing Director of Coal India Ltd for a virtual chat on Wednesday, December 4:30pm IST/ 7pm HKT/ 11am BST.

Format

Pinakin will host a fireside chat with the speaker on key issues followed by Q&A session with the participants. If you would like him to ask any questions on your behalf, please email them beforehand at pinakin.m.parekh@jpmorgan.com
